

Home Learning Year 2

Week commencing 8th February 2021 Who Would Live in a Place Like This?

Our email address is: year2teachers@herne-bay.kent.sch.uk

Reading

We have created our own class login accounts to make it easier for you to access e-books on Oxford Owl; Click here and login using these details below:

oxfordowl.co.uk/login?active-tab=students

Kingfisher Class: Username: kingfishercla55

Password: kingfisher

Bee Class: Username: bee44

Password: Beeclass

Ladybird Class: Username: ladybird22

Password: Ladybirdclass

Read Write Inc. lessons are available on You Tube

Read Write Inc lessons also being uploaded by Ruth Milskin on youtube at 9.30

<https://www.youtube.com/c/RuthMilskinTrainingEdu/featu red>

This week, the feature sounds are:

Monday: are Reading longer words ou/ow

Tuesday: ur. Reading longer words oo

Wednesday: er. Reading longer words ar

Thursday: ow. Reading longer words ire

Friday: ai Reading longer words ear

Science

This week, we are noticing that that animals, including humans, have offspring that grow into adults.

Watch this video that explains the **Lifecycle** of the butterfly.

<https://www.bbc.co.uk/bitesize/topics/z6882hv/articles/zttcqt>

How is the lifecycle of a butterfly different to the lifecycle of a human?

Draw pictures to show the different stages of the human lifecycle. Label each stage. For example, you may start with a baby, then toddler, child, teenager etc.

P.E.

Teamtheme have some videos on their youtube channel for you to join in with.

<https://www.youtube.com/channel/UC4ivJ1EW4vTTFIZD3sJpFQw>

We are focussing on Gymnastics in our P.E. lessons. Gymnastics requires strength, balance and flexibility.

Can you balance yourself with just one part of your body on the ground? This doesn't have to be a foot, it could be a knee or your bottom! How many different ways can you find?

Now balance with 2 parts of your body on the ground. Now 3, 4 and 5. Which is easiest? Don't forget, you must balance for at least 10 seconds.

ICT

This week is **Safer Internet Week**.

How do you stay safe when searching for something online? Now read the story Detective Digiduck here:

<https://www.childnet.com/resources/digiduck-stories/detective-digiduck>

Not everything that you see, hear, or read online is the truth or real. What does Wise Owl tell Digiduck to do when you are feeling unsure about something you have discovered online?

Create a 'Top Tips for Searching Online' poster using Wise Owl's advice from the story

Maths

We are revisiting multiplication and division.

Day by day plans for this learning are under **Maths** on Home Learning.

There are many activities on Purple Mash to help you practise your multiplication and division skills. Some have been set as your 2Dos.

Writing

In our writing this week we will be writing a **poem** about one of the animals we have found out about through our HABITAT learning.

We will be using **similes** in our writing.

A simile is when you compare 2 things using the words 'like' or 'as'. For example, the sky was as black as night.

Day by day plans for this learning are under **English** on Home Learning.
